

How to flip your class online, when the world is flipping out

A hands/brains-on demo
3 April 2020

A group of students in a classroom setting, some working on laptops at round tables. The scene is brightly lit with large windows in the background. Several students are seated at white round tables, focused on their work. In the foreground, a student is looking at a laptop screen. Other students are visible in the background, some standing and talking. The overall atmosphere is one of active learning and collaboration.

75-student team & project based class!

The image shows a browser window with the Perusall website. The address bar shows 'app.perusall.com/welcome'. The page has a white background with a light blue header. The Perusall logo is in the top left. A navigation bar in the top right contains a 'Help' link and a 'Paused' button. The main content area features a heading 'Welcome to Perusall! Let's finish setting up your account.' Below this are two buttons: 'Create or enroll in a course' (circled in red) and 'Start or join a club'. To the right of these buttons are two paragraphs of text explaining courses and clubs. A large red number '1' is positioned to the left of the buttons. At the bottom of the page, there is a large black text overlay.

Help FE

Welcome to Perusall! Let's finish setting up your account.

1

Create or enroll in a course

Start or join a club

Courses are for formal courses at the college, university, and K-12 levels, or for continuing education or other training.

With Perusall clubs, you can read a book, article, or other materials with friends or colleagues you choose. Your group's conversations are private: club members decide who should be in the club. Select a book you have already purchased within Perusall to use it in your club free of charge; club members that haven't yet purchased the book can rent or purchase access at the regular Perusall price.

3 I want to create a course... for students to access directly at perusall.com. integrated with my institution's Learning Management System.

Course name
Your unique course URL is based on this name. If you change the name, the URL will change.

Institution
Type to search for your institution, and [contact Perusall support](#) if your institution is not listed.

Course start date

Course end date

Enrollment estimate
The approximate number of students you expect to join the course. Perusall will use this value and the Target Group Size to create discussion groups for students.

Target group size
Students will be placed into groups of approximately this size and will only be able to see comments and questions within their group. Changing this setting will not retroactively apply to groups that have already been formed, to provide consistency for students.

Based on these settings, Perusall will place students into 1 discussion group(s) for each document. Discussion groups are fixed for a particular document once it is added to the course. [Learn more about discussion groups](#)

Why Perusall works

- **social connection/interaction *in context***
- **incentivizes/motivates participation**
- **machine learning analysis of engagement**
- **provides “Confusion Report” to instructor**

A few notes

- **Perusall is free**
- **Many textbooks free until summer**
- **Nearly 100% reading-assignment completion**
- **Students using Perusall perform better**
