#### **Confessions of a converted lecturer**

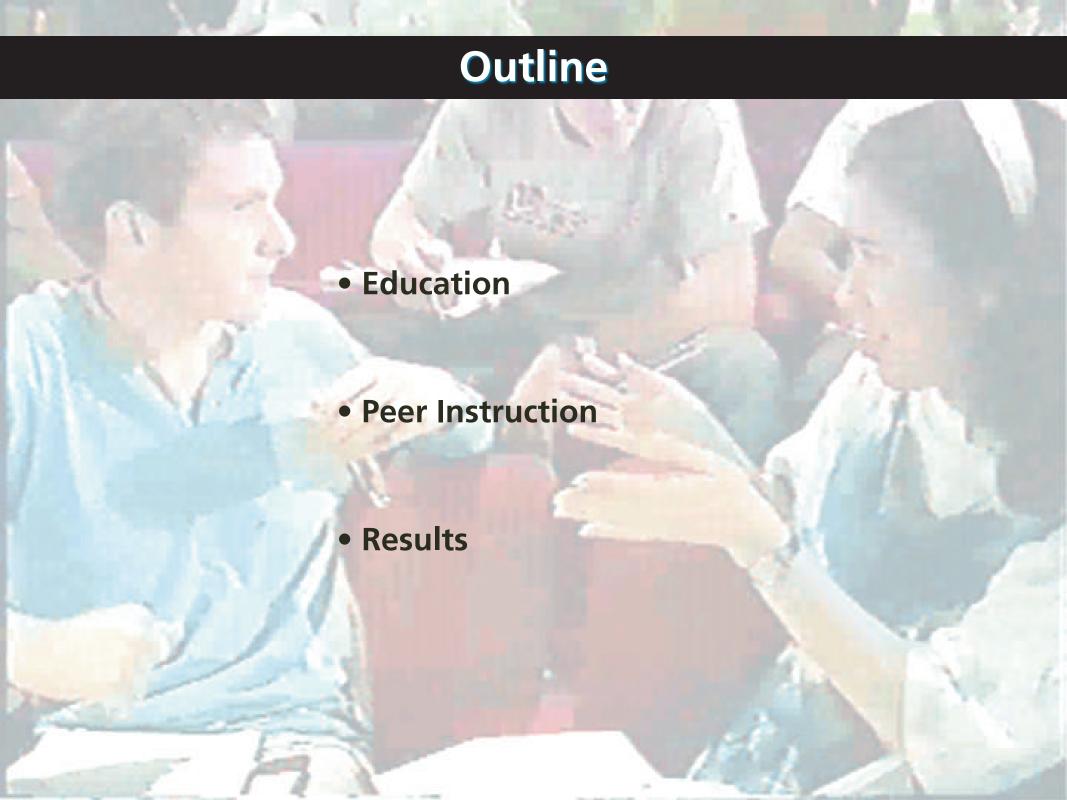

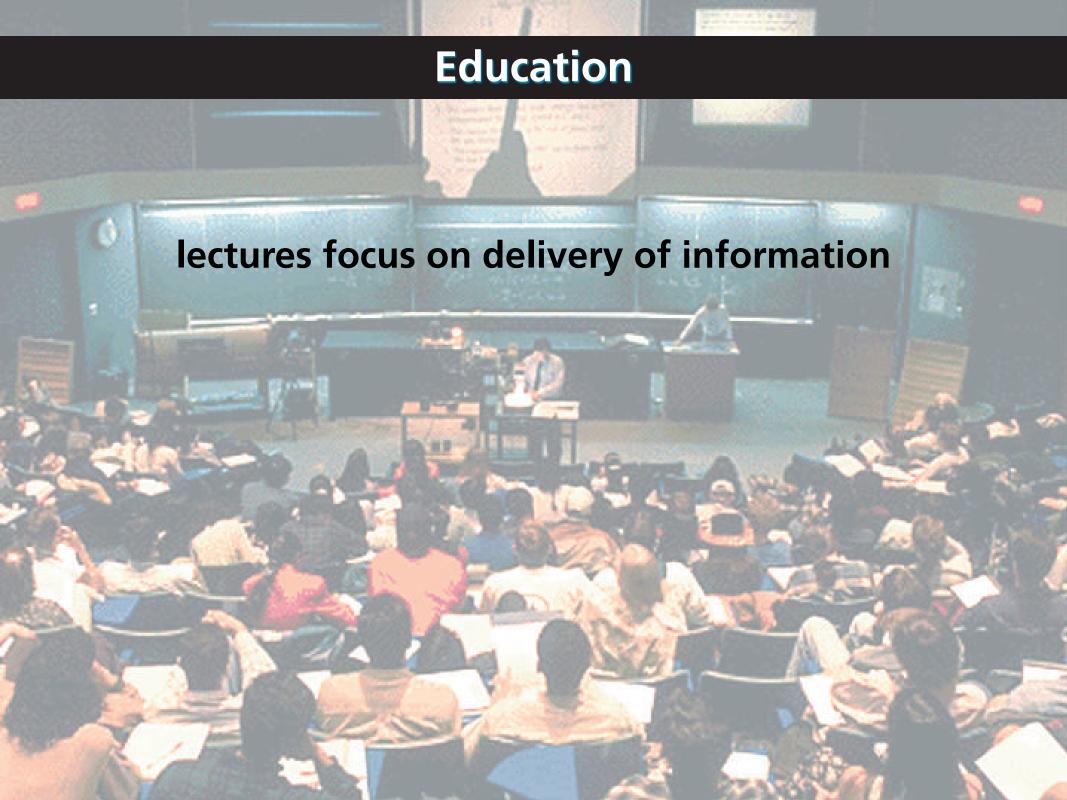

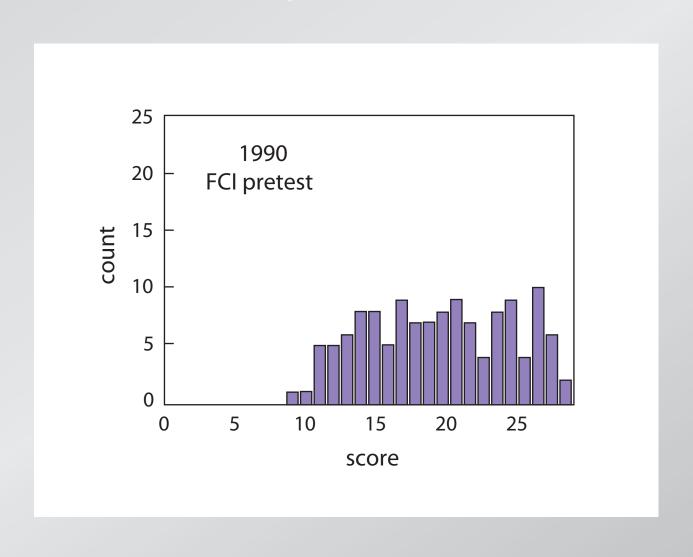

# Outline Education

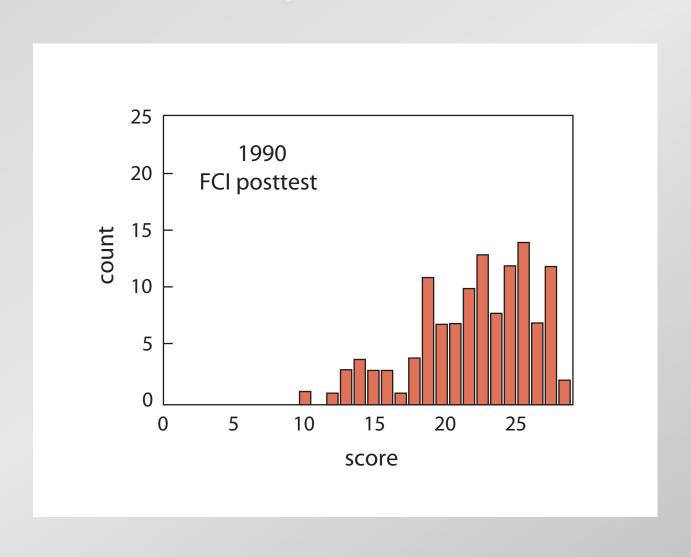

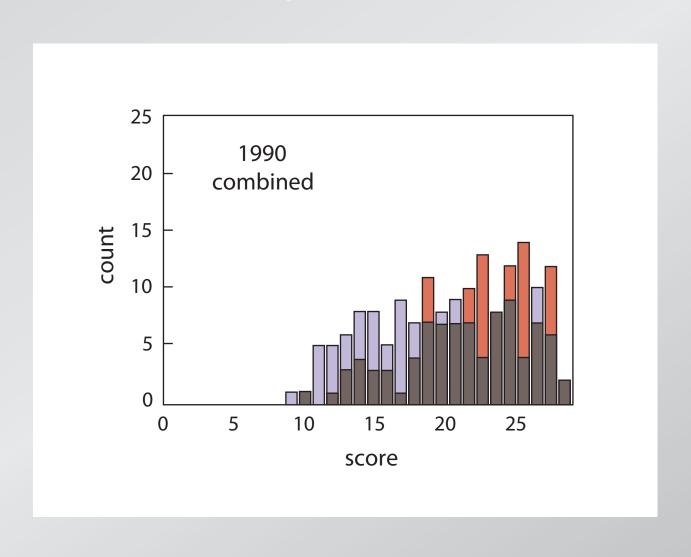

#### education is not just information transfer

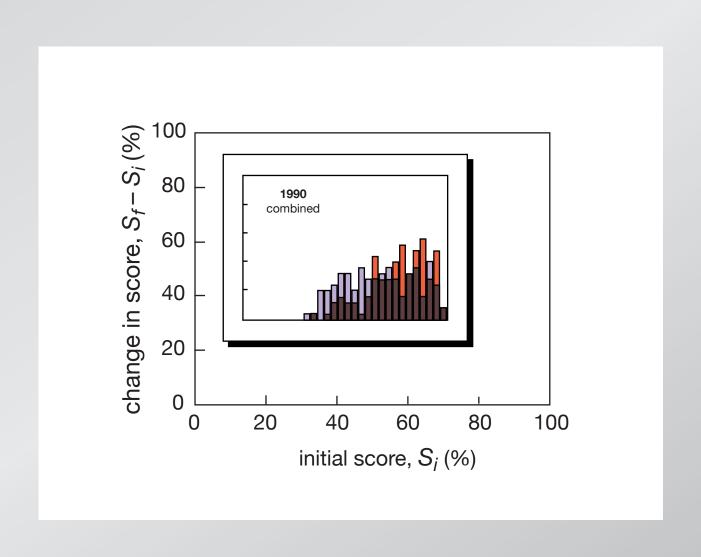

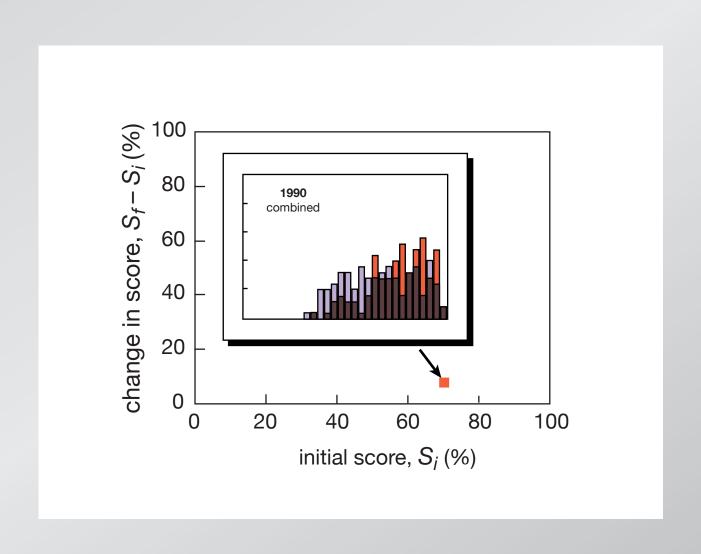

#### education is not just information transfer

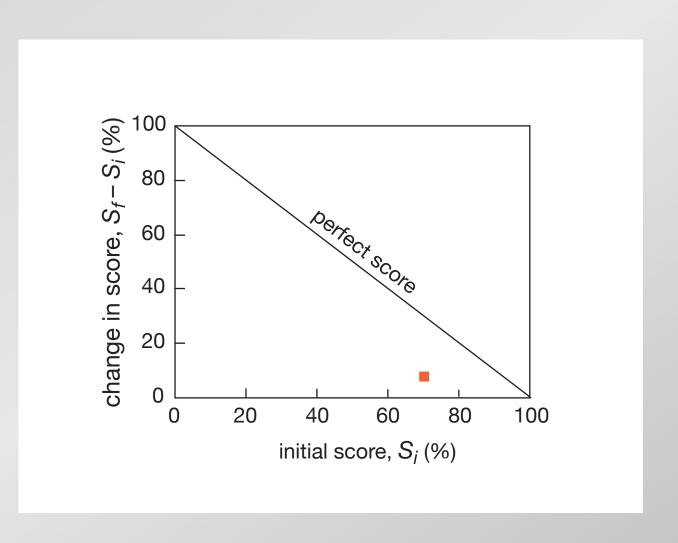

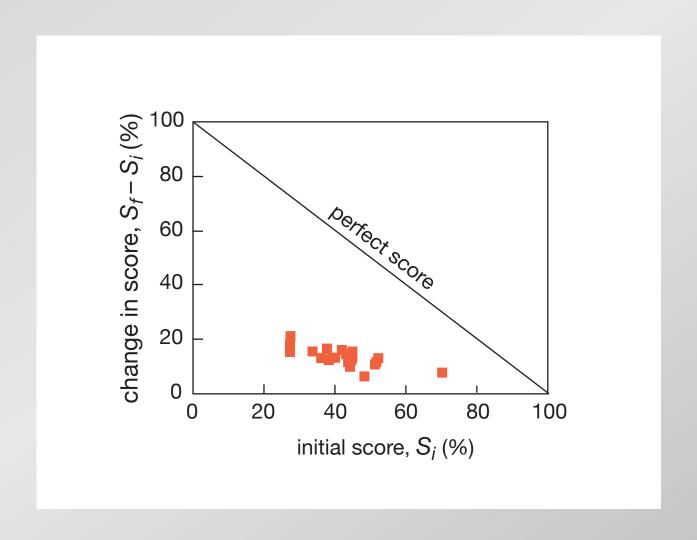

#### education is not just information transfer

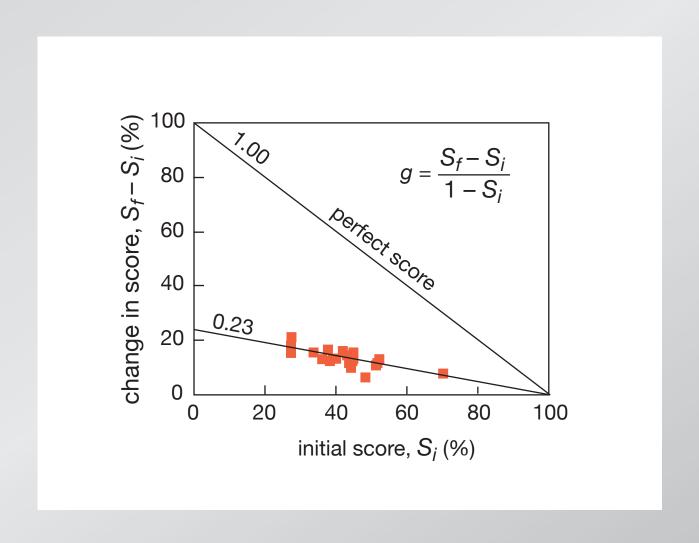

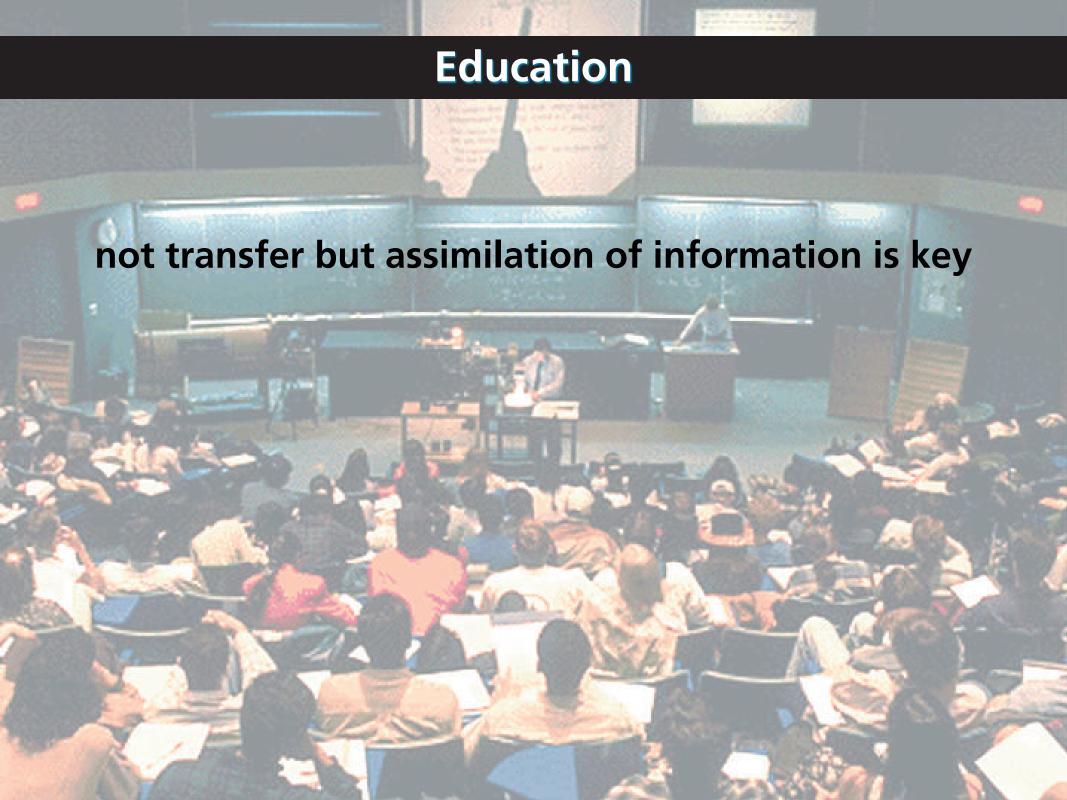

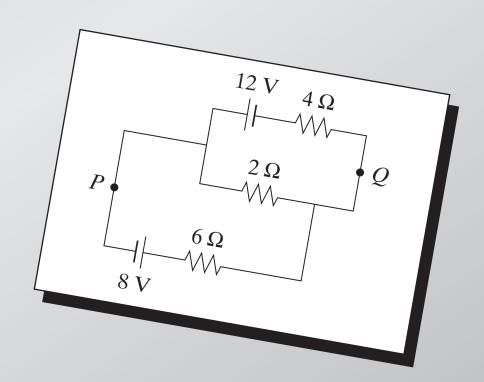

R.R. Hake, Am. J. Phys. 66, 64 (1998)

#### only one quarter of maximum gain realized

#### conventional problems misleading

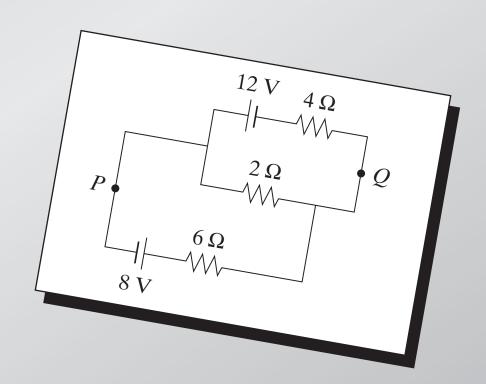

#### conventional problems misleading

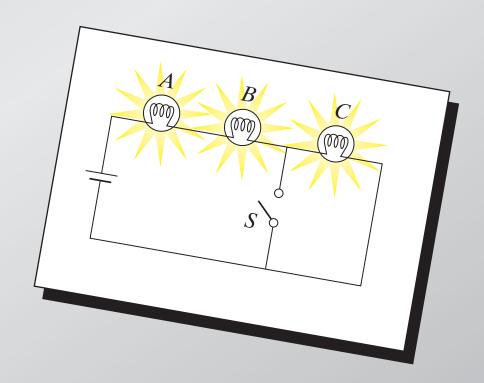

#### **Calculate:**

- (a) current in 2-W resistor
- (b) potential difference

between P and Q

are the basic principles understood?

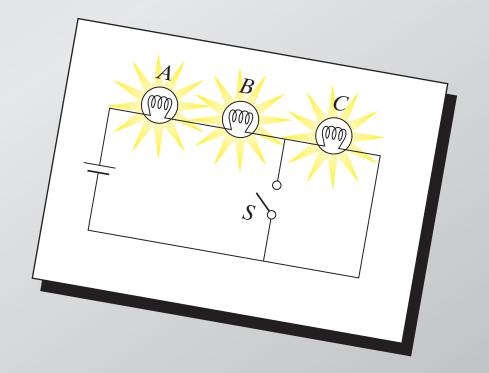

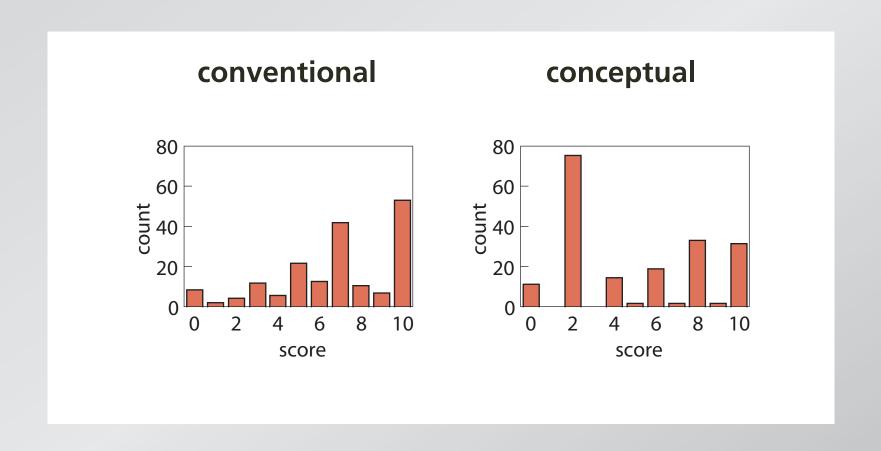

#### are the basic principles understood?

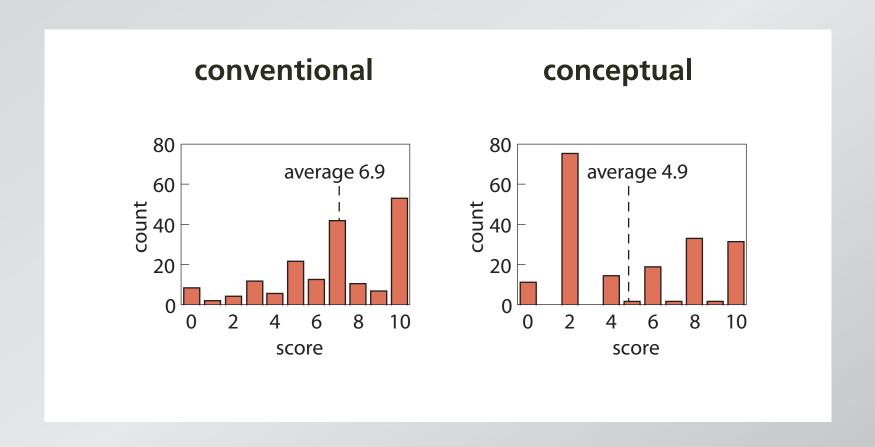

When S is closed, what happens to:

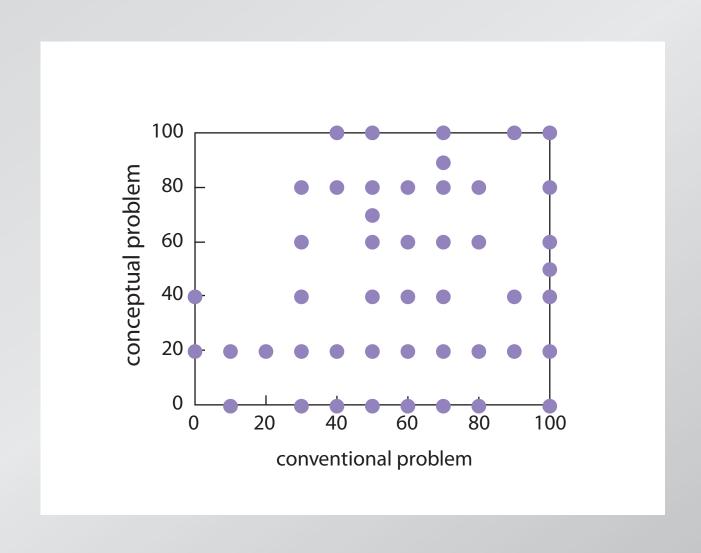

- (a) intensities of A and B?
- (b) intensity of C?
- (c) current through battery?
- (d) potential difference across

  A, B, and C?
- (e) the total power dissipated?

#### **Peer Instruction**

Give students more responsibility for gathering information...

#### **Peer Instruction**

Give students more responsibility for gathering information... so we can better help them assimilate it.

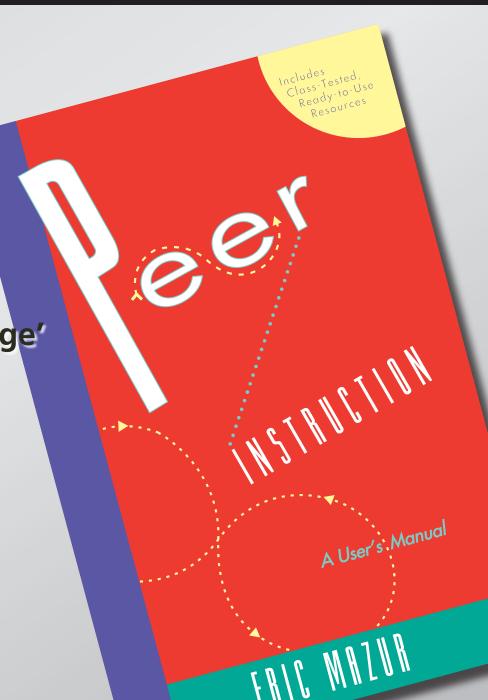

## **Peer Instruction**

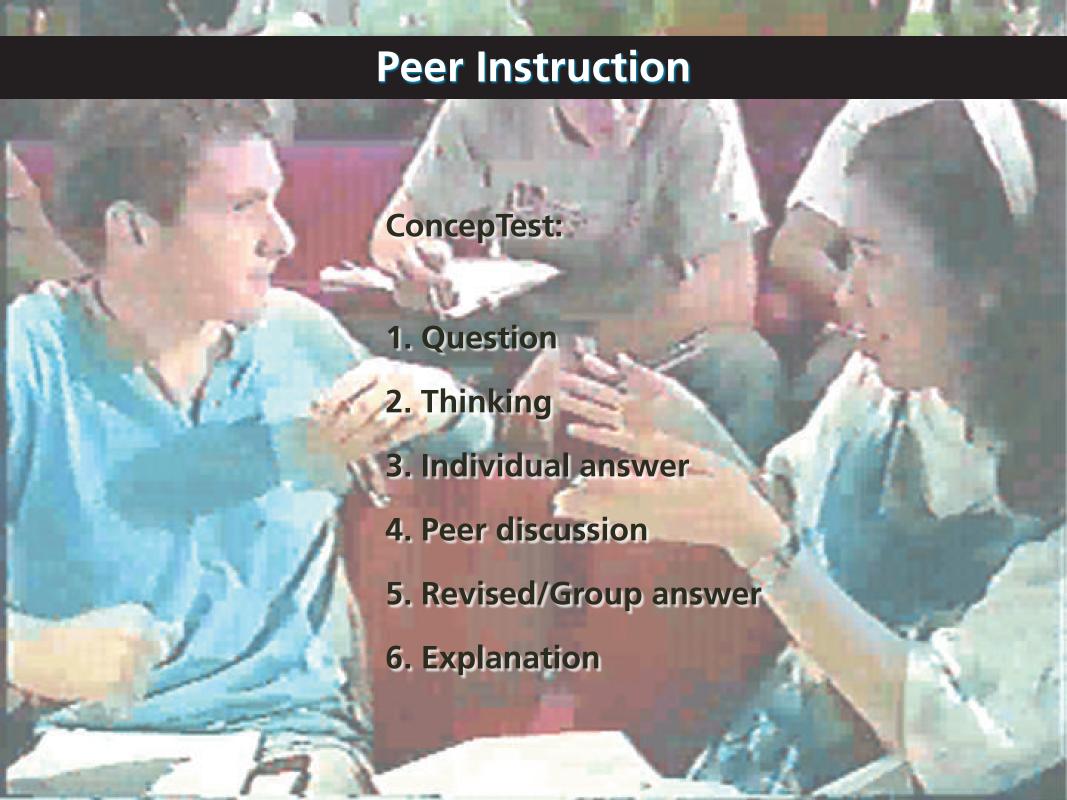

#### Main features:

pre-class reading

in-class: depth, not 'coverage'

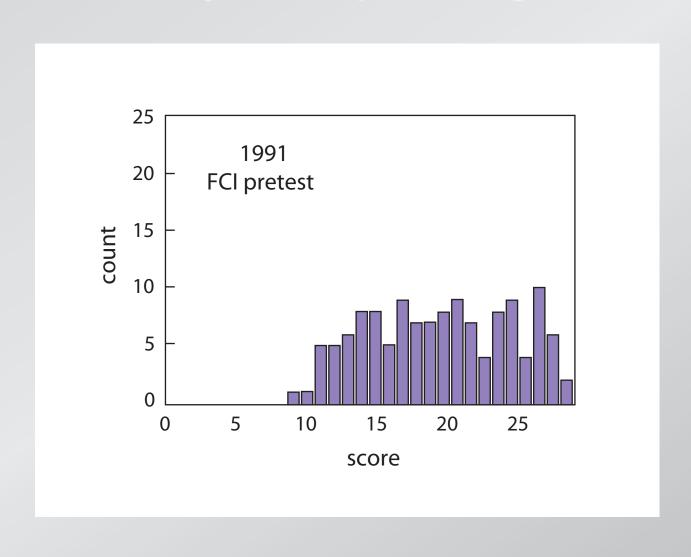

ConcepTests

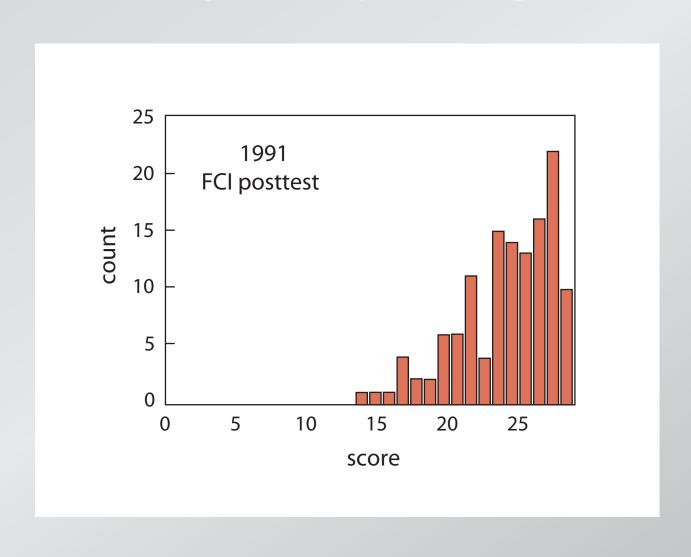

is it any good?

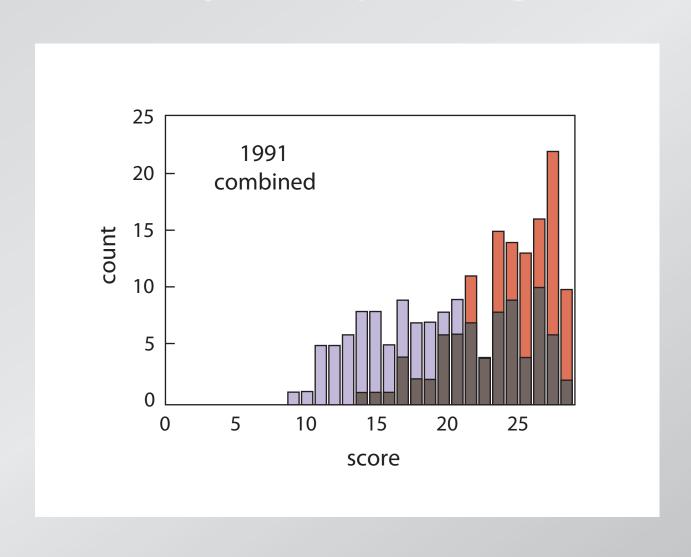

#### first year of implementing PI

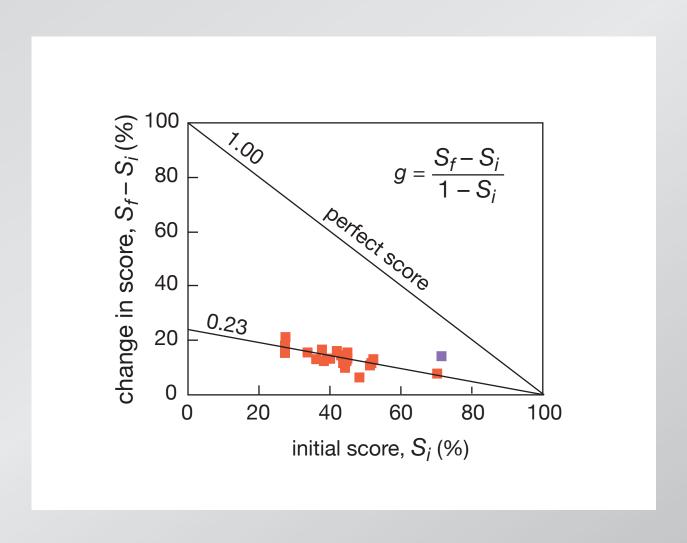

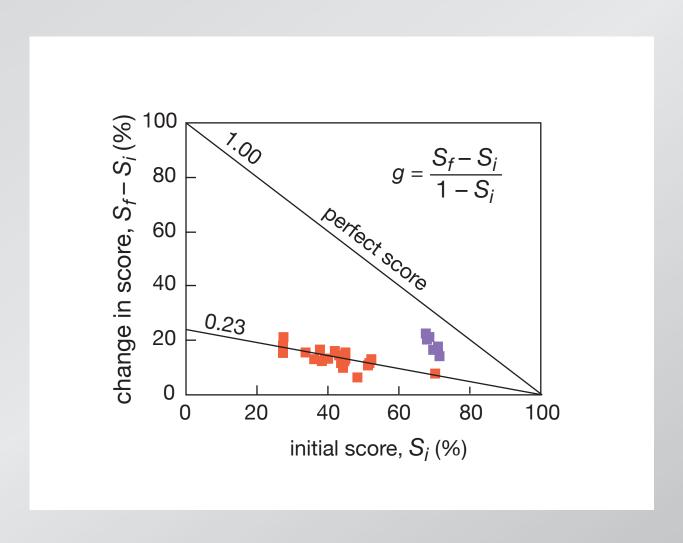

#### first year of implementing PI

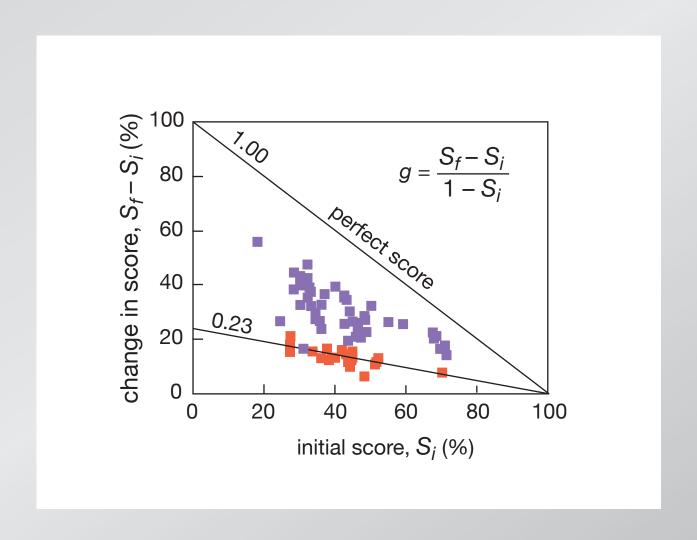

#### first year of implementing PI

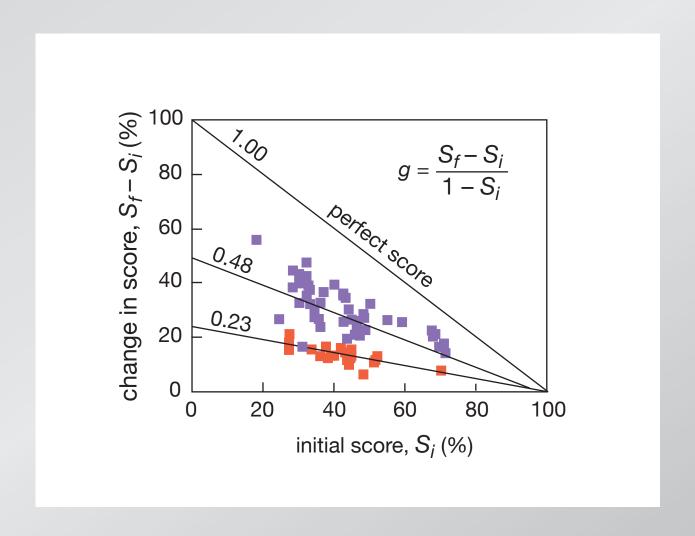

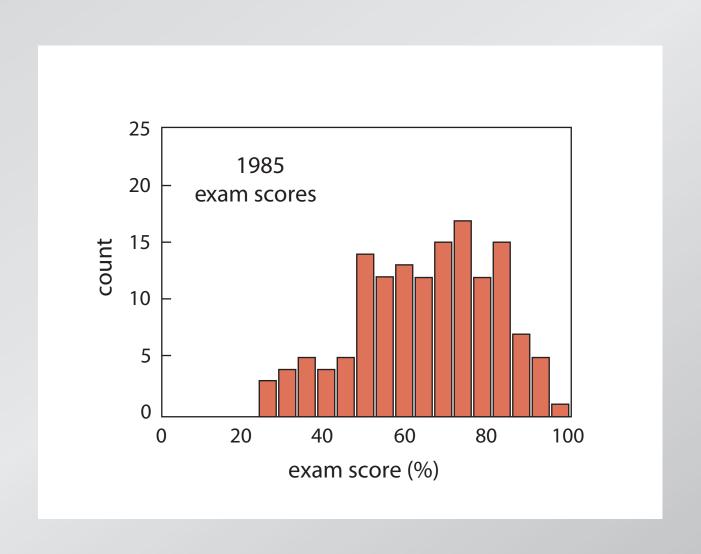

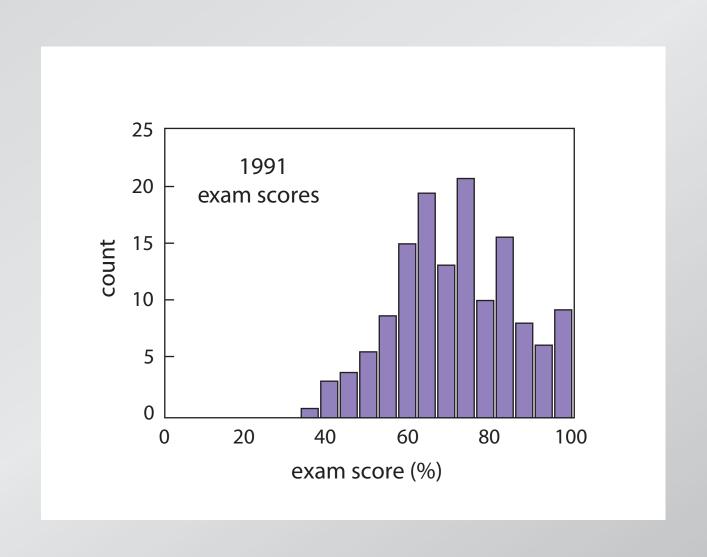

R.R. Hake, Am. J. Phys. 66, 64 (1998)

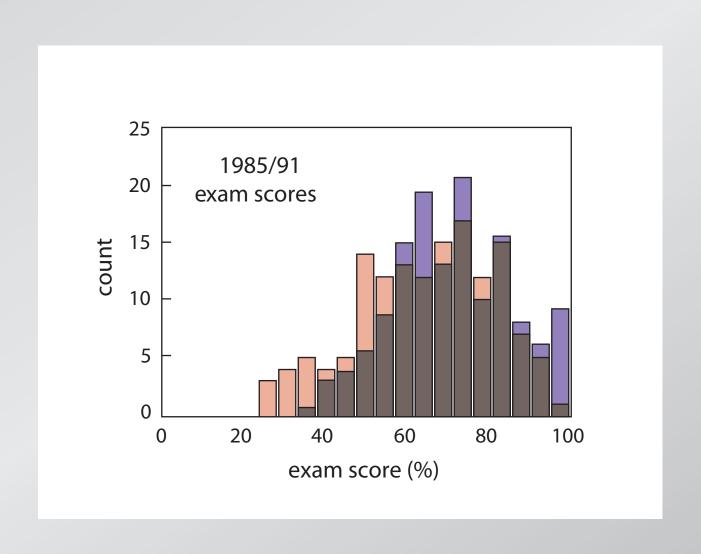

R.R. Hake, Am. J. Phys. 66, 64 (1998)

what about problem solving?

## **Summary**

So better understanding leads to better problem solving!

#### **Summary**

So better understanding leads to better problem solving!

(but "good" problem solving doesn't always indicate understanding!)
