Confessions of a converted lecturer

Peer Instruction Workshop Universiteit Groningen Groningen, Netherlands, 9 May 2012

My message

shift focus from "teaching" to helping students learn

• Education

Outline

• Education

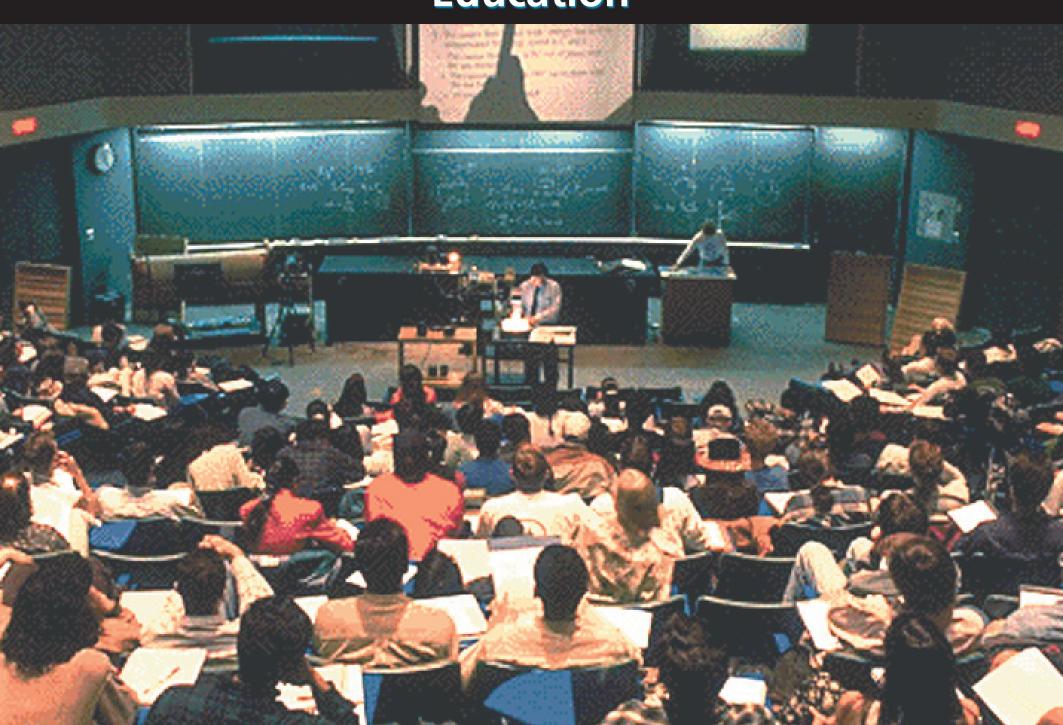

Peer Instruction

Outline

• Education

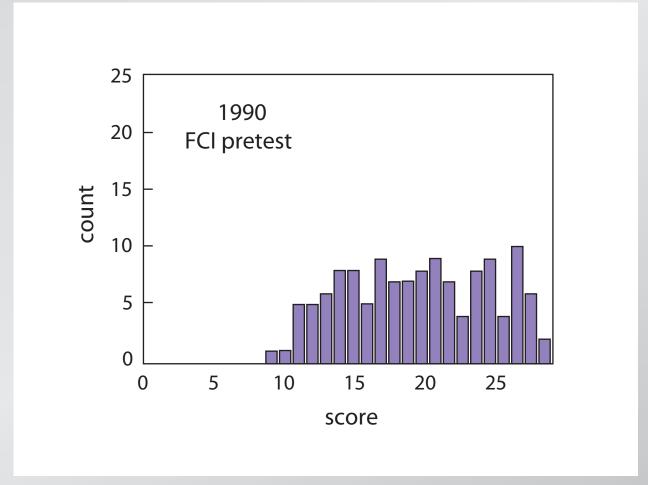

Peer Instruction

Results

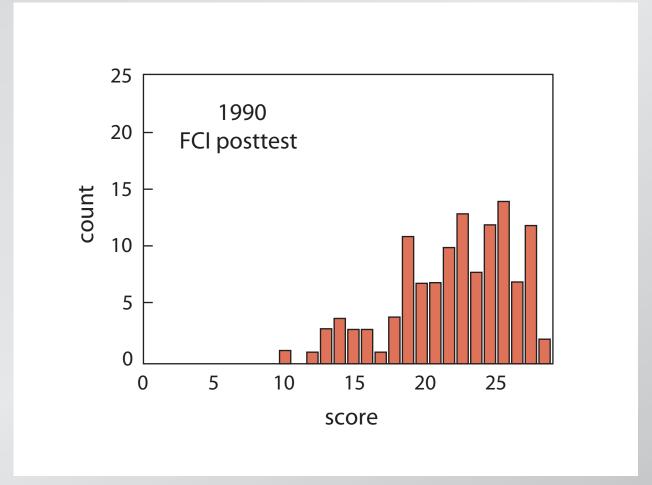

lectures focus on delivery of information

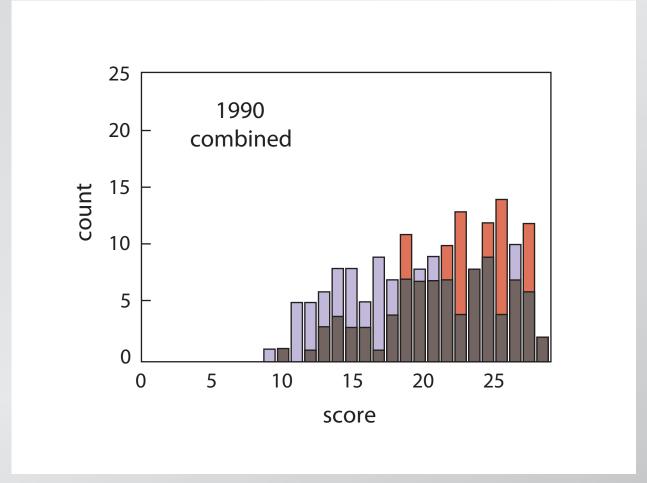

education is not just information transfer

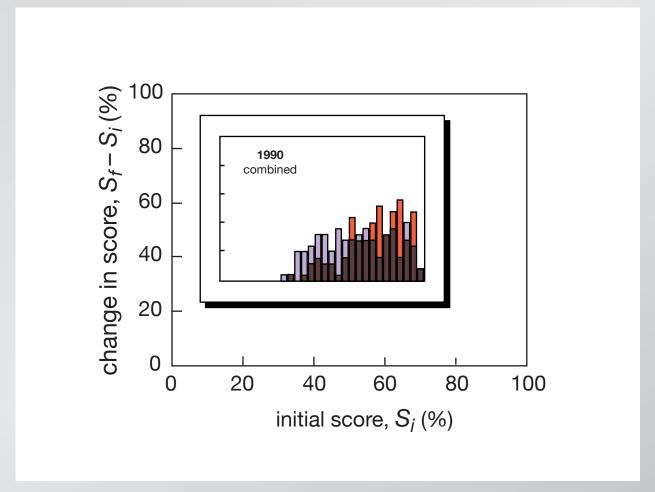

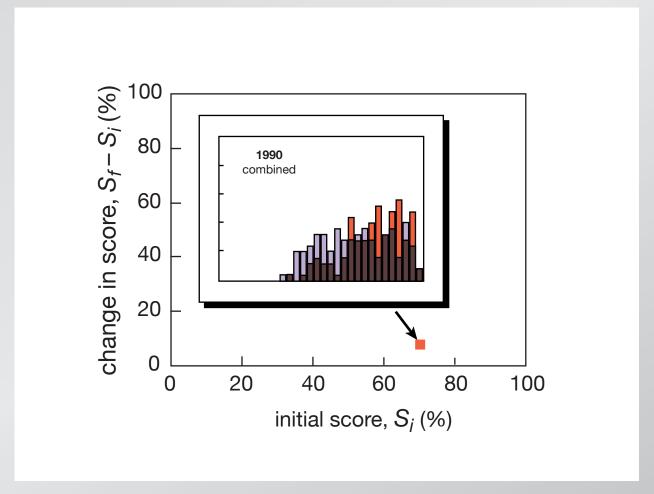

education is not just information transfer

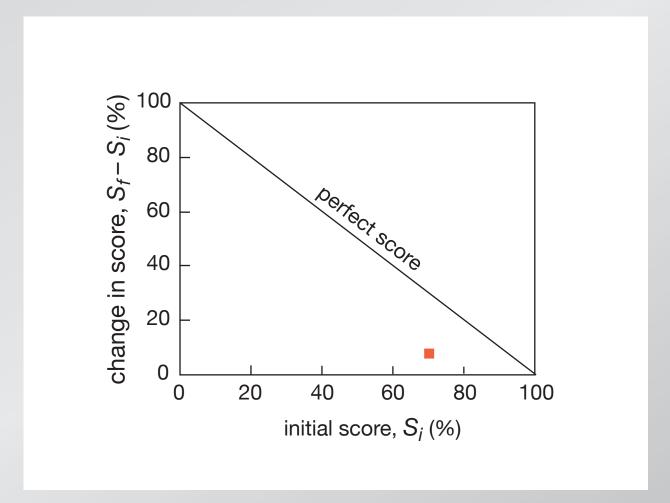

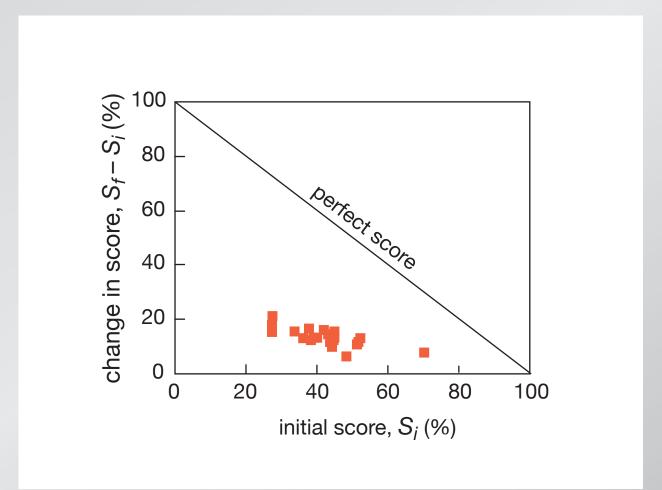

education is not just information transfer

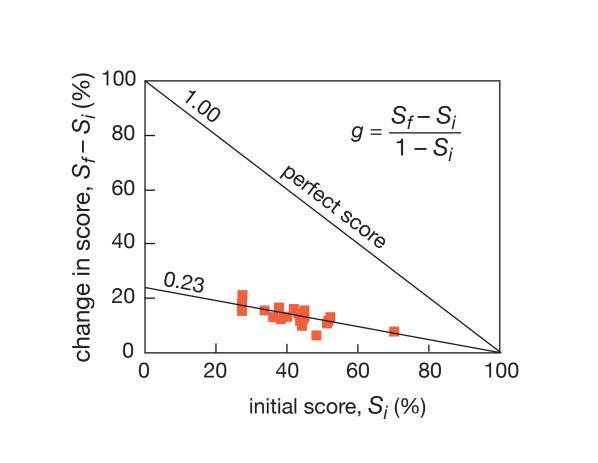

R.R. Hake, Am. J. Phys. 66, 64 (1998)

only one quarter of maximum gain realized

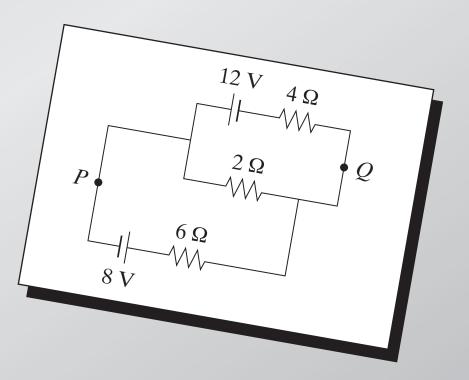

R.R. Hake, Am. J. Phys. 66, 64 (1998)

not transfer but assimilation of information is key

conventional problems misleading

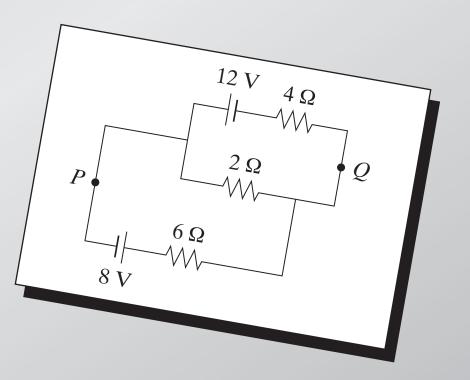

conventional problems misleading

Calculate:

(a) current in 2- Ω resistor

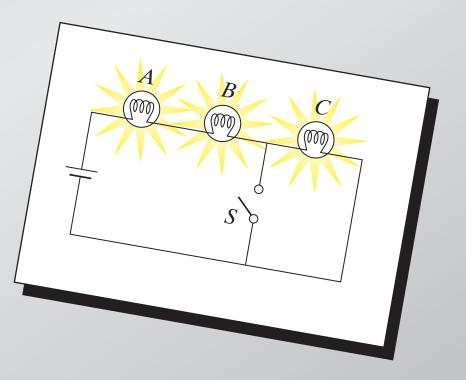

(b) potential difference

between *P* and *Q*

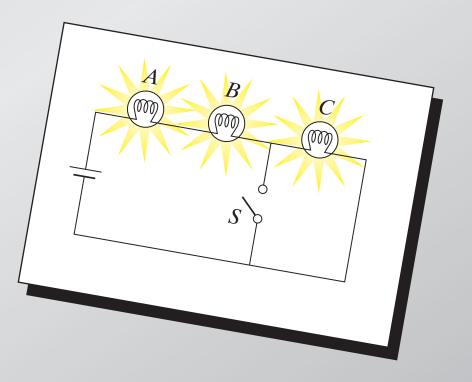

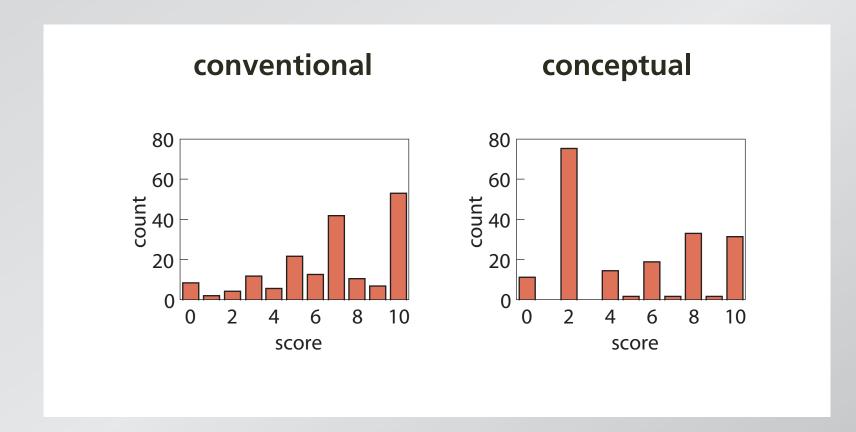

are the basic principles understood?

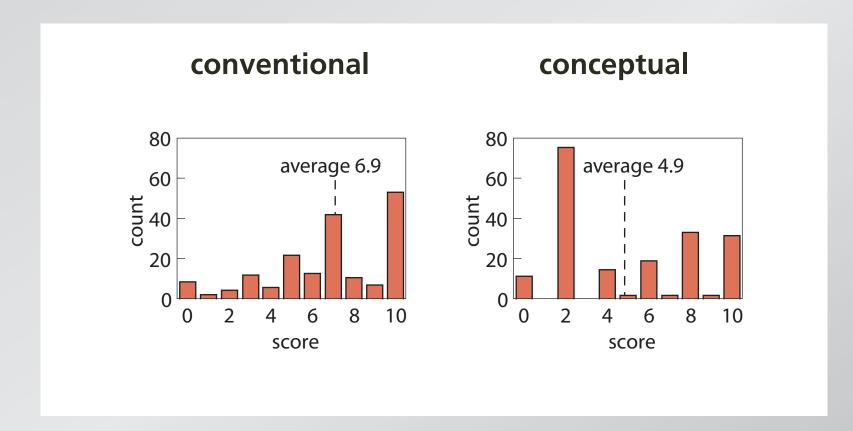

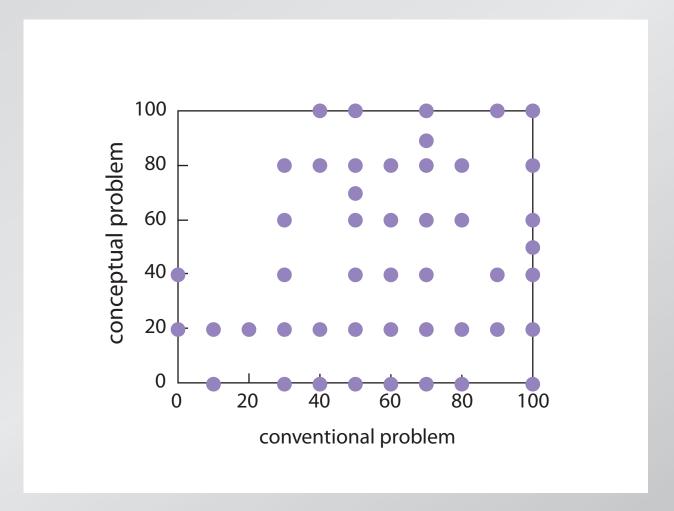

are the basic principles understood?

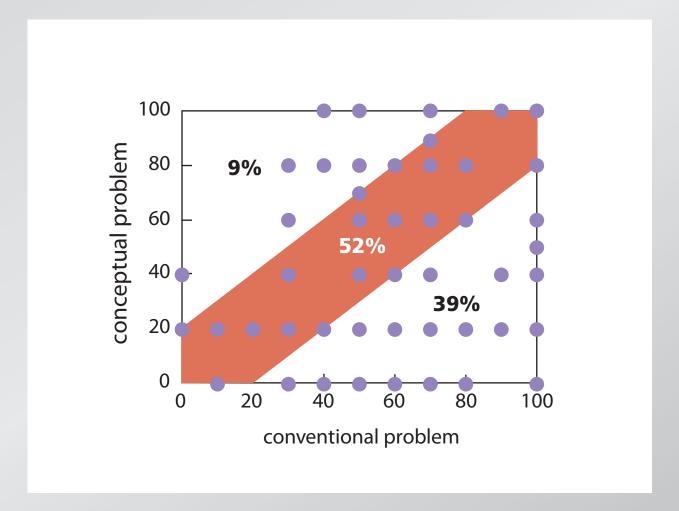

- When S is closed, what happens to:
- (a) intensities of A and B?
- (b) intensity of C?
- (c) current through battery?
- (d) potential difference across
 - A, B, and C?
- (e) the total power dissipated?

Give students more responsibility for gathering information...

Give students more responsibility for gathering information... so we can better help them assimilate it.

Includes Class-Tested, Ready-to-Use Resources

FRIC MALUA

A User's Manual

Main features:

- pre-class reading
- in-class: depth, not 'coverage'
- ConcepTests

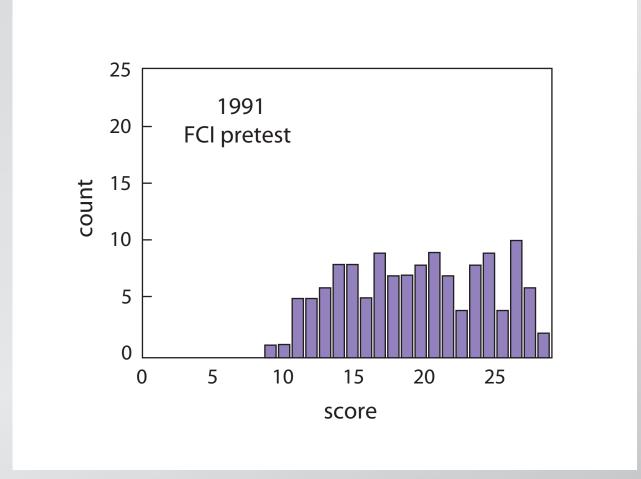

ConcepTest:

- 1. Question
- 2. Thinking
- 3. Individual answer
- 4. Peer discussion
- 5. Revised/Group answer
- 6. Explanation

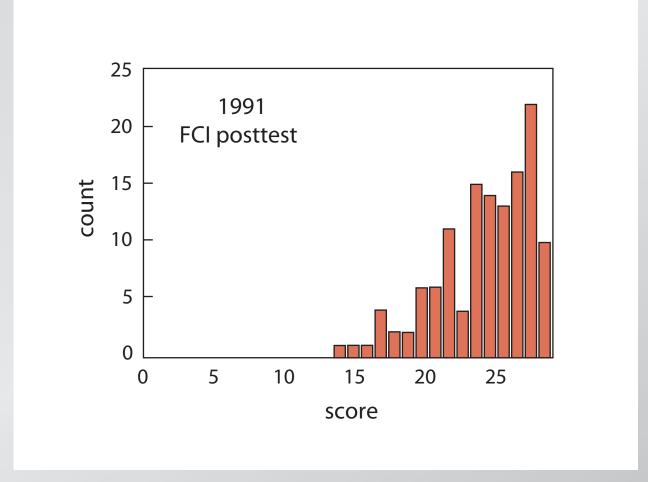

is it any good?

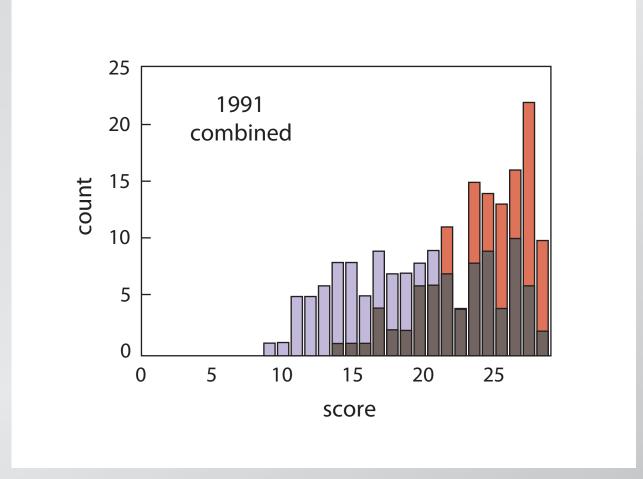

first year of implementing PI

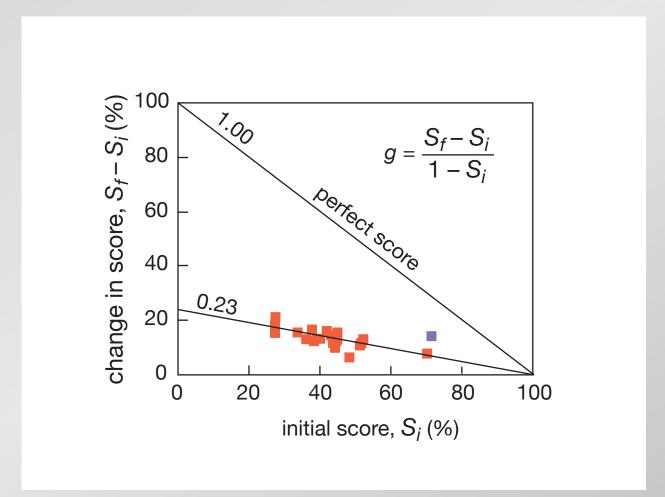

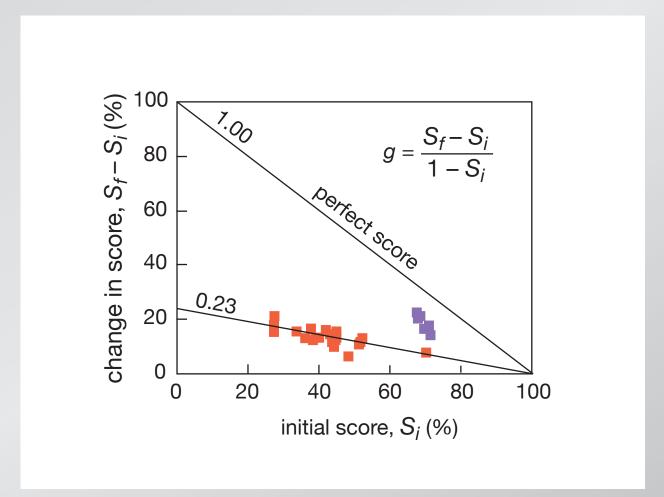

first year of implementing PI

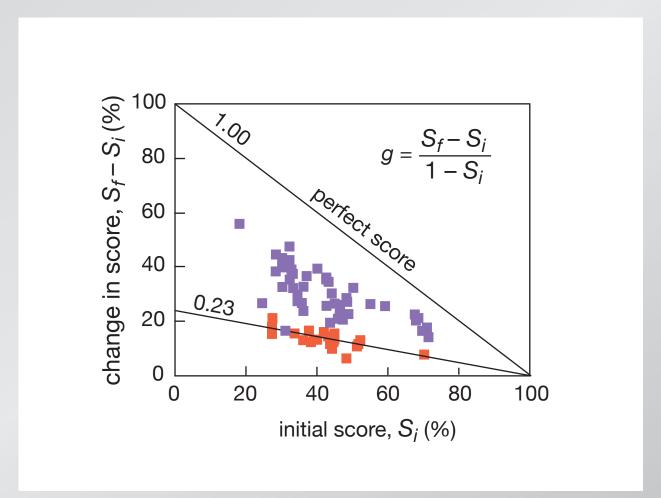

first year of implementing PI

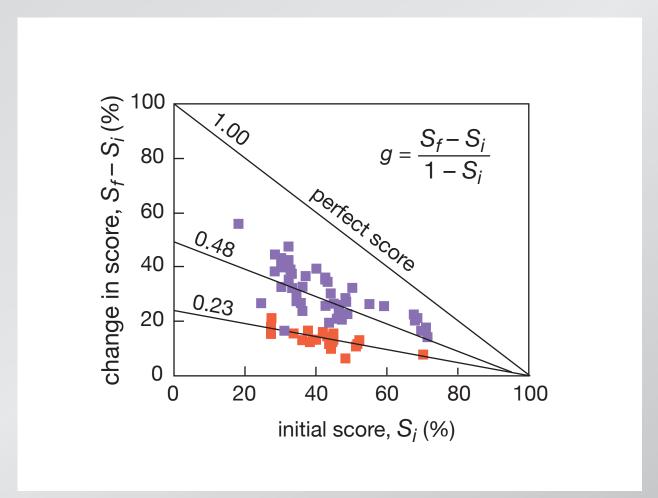

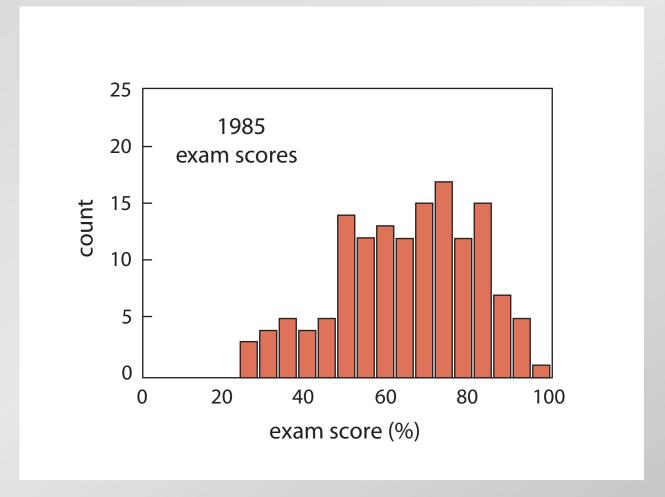

R.R. Hake, Am. J. Phys. 66, 64 (1998)

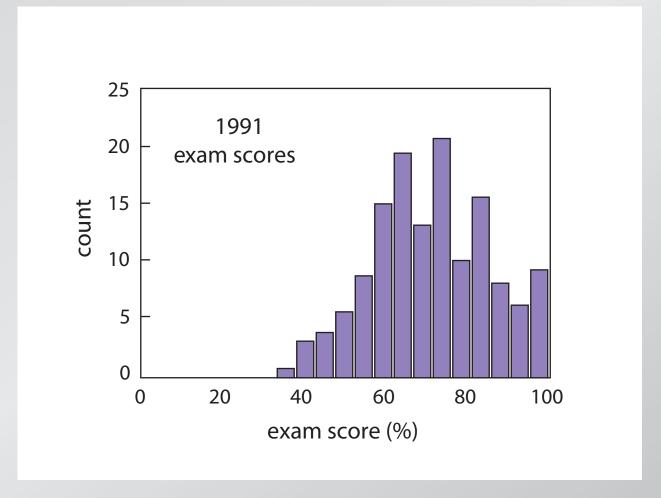

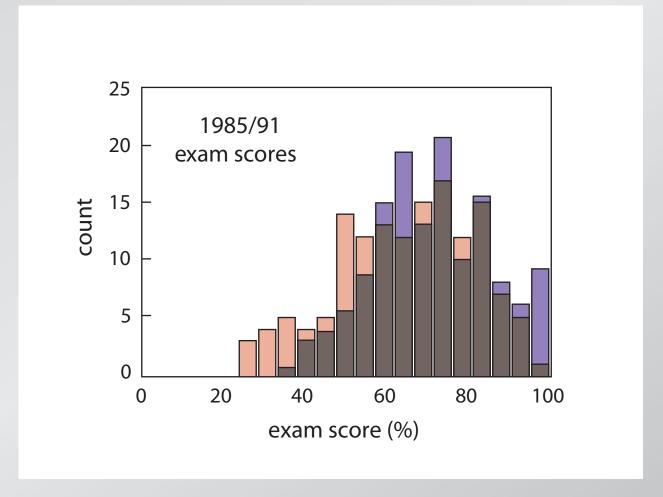

R.R. Hake, Am. J. Phys. 66, 64 (1998)

what about problem solving?

So better understanding leads to better problem solving!

So better understanding leads to better problem solving!

(but "good" problem solving doesn't always indicate understanding!)
